Teaching Learning Process

Curricula and syllabus for the Programme –**As approved by the University**

Academic Calendar of the University-**As per MAKAUT Calendar**

Teaching Load of each faculty: **As per MAKAUT**

Internal Continuous Evaluation-**As per MAKAUT**

Student's assessment of Faculty-**Student Feedback Facility.**

#### **Student Feedback on Institutional Governance/Faculty performance**

The feedback form was distributed to all students via web link from each semester pursuing their UG, PG courses, an anonymous status was maintained for freedom of thought and expression. The feedback was taken for all teaching faculty members, working under 5 different courses of the college. Each question had a rating scale from 1 to 5, in which 1 being very bad

(needs to improve) and 5 being excellent. The mean of all the 5 variables was the total score given to each faculty member. A score of 4 and above was considered to be an excellent score and a score between 3 and 4 meant that there should be a definite improvement in the specific domains of the teaching skills and parameters. The objectives of the questionnaire are to assess the different variables, varying from subject matter expertise to knowledge transfer and time management skills to the personal ability to motivate and inspire the students. Apart from the important dimensions the instrument was used to assess the teaching proficiency of the faculty members and few other important constructs of the questionnaire were analyzed to assess their quality as an ideal teacher and the outcome of the assessment to be utilized as pointers and information to mold and shape the students of our college as future leaders. Also, the feedback data and results are used as an important criterion for the evaluation and appraisal process.
